BENAZIR BHUTTO SHAHEED HUMAN RESOURCE RESEARCH AND DEVELOPMENT BOARD

ALUMNI DIRECTORY

Public Sector Wing - Phase XII (2023-24)

Research and Development Section
BBSHRRDB

PREFACE

The Benazir Bhutto Shaheed Human Resource Research and Development Board (BBSHRRDB) has effectively engaged both public and private sector training institutes to deliver high-quality, market-responsive skills training across all districts of Sindh. Despite limited visibility in conventional media, the program has achieved substantial province-wide impact. A key milestone includes the enrolment of over 500,000 individuals across 424 training institutes, covering around 414 trades. Of these, more than 417,000 trainees have successfully completed their training programs. Notably, an employment rate of 41% has been recorded through the Board's contract-based placement mechanism, underscoring its commitment to enhancing employability and promoting sustainable livelihood opportunities for its graduates.

In accordance with one of the statutory mandates set forth under the BBSHRRDB Act, 2013, the Board is required to publish an Annual Alumni Directory. This publication fulfils that obligation by presenting comprehensive data from Phase XII (Public Sector) Phase XV (Private Sector). The primary objective of the directory is to serve as a strategic resource for employers by providing structured and reliable information on program graduates.

The Annual Alumni Directory is systematically structured to enhance usability and employer access, with trades categorized by district and training institute. All listed graduates are arranged alphabetically and have successfully completed their training, thereby being deemed job-ready. To streamline recruitment efforts, BBSHRRDB has established a formal and efficient placement facilitation mechanism. Employers may either request to connect with specific graduates by referring to the Trainee ID and name at xyz@bbshrrdb.gos.pk, or share detailed job specifications—including required skills and qualifications—with BBSHRRDB. The Board will then notify verified graduates, inviting them to directly submit their credentials to the prospective employer, thereby ensuring timely and targeted access to job-ready human resources.
